We are continuing our association with NGOs Project Child which provides routine and emergency medical care and counselling, and Child Friendly Guwahati which runs an after-school-hours literacy program within the school premises for children from deprived sections of society.

Academic pursuit is progressing in the school with students faring well in internal schoolwork and examinations, ably guided and supported by our qualified and efficient teachers, with administrative staff providing all necessary support for the smooth functioning of the school.

We are abiding by all instructions from the CBSE, our certification board, and accordingly making changes in subject curriculum and methodology as and when directed. We look forward to making the school a centre of excellence and we are confident that with your active support we will be able to do so.
